Community-based counseling services to manage depression
Call Bryan Hatcher, CEO, 336-716-0858 (bhatcher@wakehealth.edu). He will be able to identify counselors nearest to the patient.

FaithHealthNC is a network of congregations willing to provide support to patients during recovery (e.g., meals, transportation, in home aid).
http://www.faithhealthnc.org

- Call the main number 336-716-3027.
- Ask for Mr. Jeremy Moseley (mmoseley@wakehealth.edu) or Rev. Leland Kerr (lakerr@wakehealth.edu). They will be able to identify congregations in their network that are located nearest to the patient and will connect the PAC to the right person. The patient does not need to be a member of the congregation to receive support.

Stroke Support Groups
We have been able to identify engaged patients and caregivers by reaching out to Portals for searching by zip code:
- http://portal.stroke.org/a_supportgroupsearch_new
  - Hospital Patient and Family Advisory Boards
  - Acute care rehab facility connected to the hospital (outpatient therapy department)
  - Home Health Therapists
  - Stroke Coordinators
  - Neurologists
  - Primary Care Providers
